

BATTITUDE

TWICE

Say it loud, make it work

Uh, yeah

Say you wanna do some things, better do some things (Baddie)

Say you wanna do some things, better do some things (Yeah)

With my girls and we on a mission

Do what we want, we don't need permission

Stop and pose, it's the intermission

I'ma need a, I'ma need a, I'ma need a minute

In one ear and out the other

Got a complaint, better call your mother

We come through and bring the thunder

Think it's 'bout you but you just don't get it

Whoa, what's that?

Them girls don't know how to act

Anyway got the speakers on blast, top down in the back, gonna make a good girl go bad

So what I got it big with the big, big attitude

You know I got it big with the big, big attitude

Yeah, we shake the room when we coming through

Baby, I'm not even mad at you (It's my attitude)

Nah, nah, nah, nah (What?)

Nah, nah, nah, nah (What you looking at?)

Nah, nah, nah, nah (What?)

Nah, nah, nah, nah (Attitude)

Say you wanna do some things, better do some things

You, you wish, now I got you reading my lips

Your eyes locked in on my hips

Left to the right, we can do this thing all night

I don't even bite but I might

Don't be scared, I know you wanna

Bring it on, bring it on, bring it over here

I know you wanna

Feel this heat

Whoa, what's that?

Them girls don't know how to act

Anyway got the speakers on blast, top down in the back, gonna make a good girl go bad

So what I got it big with the big, big attitude

You know I got it big with the big, big attitude

Yeah, we shake the room when we coming through

Baby, I'm not even mad at you (It's my attitude)

Nah, nah, nah, nah (What?)

Nah, nah, nah, nah (What you looking at?)

Nah, nah, nah, nah (What?)

Nah, nah, nah, nah (Attitude)

Say you wanna do some things, better do some things (Baddie)

Say you wanna do some things, better do some things

Say you wanna do some things, better do some things

Say you wanna do some things, better do some things
