Hey sweetie, sweetie
Sweetie, sweetie

Hey, ho

Yeah that's right! It's so boring everyday
But when I heard your voice
The whole world started to move again

My lonely days are over
You gave me a secret flavor
It tastes just like candy
Sweet sweet sweet sweet, love

Sweet, lemon mint chocolate
Tell me what your flavor is today

You're my candy candy pop pop
Your honey honey sweet smile
Makes my heartbeat race endlessly
Hey why is that, sweetie
Candy candy pop pop
Each and every sparkling day
I spend with you is the best
You're my candy pop

Sweet

Dear dear dear
Got my mind spinning like a candy stripe
Round and round, colorful like a rainbow, hey
Sometimes I'm sweet, sometimes I'm a pain

See you everyday but never get enough
I need it, I need it, one more time
I'll take it even if it's spicy
Want it want it want it want it, love

Sweet, red white yellow
Green means go sign

Be my candy candy pop pop
Your honey honey sweet voice
Can't hide my excitement at all
Now I will scream
Candy candy pop pop
Cuz you give me lucky lucky days
Let me live just like this
You're my candy pop

Ooh now now now
You're my candy pop
Ooh now now now
You're my candy pop

Sweet

Hey, spending my days without you
Is already unimaginable
Because when I think of you
My everyday are a thrill
And a big smile comes to my face
I love you

You're my candy candy pop pop
Your honey honey sweet smile
Makes my heartbeat race endlessly
Hey why is that, sweetie
