

Like candy sugar, so sweet  
That's what it tastes like when you're lovin' me  
Thinking bout you every night, I  
I can't get enough  
And whenever I let you out of my sight, I  
I start to crave it too much

There's something bout your love, it keeps me up  
And the rush goes straight to my brain  
No baby, I don't wanna come unstuck  
Don't wanna let the high go to waste

Like candy sugar, so sweet  
That's what it tastes like when you're lovin' me  
'Cause baby, when we're moving our feet  
You've got me right where I wanna be

Candy sugar, so sweet, darling  
Candy sugar, so sweet, ooh, you're like  
Candy sugar, so sweet, darling  
Candy sugar, so sweet

Honey, you know the way to my heart like  
Strawberry lemon on ice  
Every sip feels like I'm back at the start, I  
I need it tonight

There's something bout your love, it keeps me up  
And the rush goes straight to my brain  
No baby, I don't wanna come unstuck  
Don't wanna let the high go to waste

Like candy sugar, so sweet  
That's what it tastes like when you're lovin' me  
'Cause baby, when we're moving our feet  
You've got me right where I wanna be

Candy sugar, so sweet, darling  
Candy sugar, so sweet, ooh, you're like  
Candy sugar, so sweet, darling  
Candy sugar, so sweet

Like candy sugar, so sweet  
That's what it tastes like when you're lovin' me  
Baby, when we're moving our feet  
You've got me right where I wanna be, be, be

Like candy sugar, so sweet  
That's what it tastes like when you're lovin' me  
'Cause baby, when we're moving our feet  
You've got me right where I wanna be

Candy sugar, so sweet, darling  
Candy sugar, so sweet, ooh, you're like  
Candy sugar, so sweet, darling  
Candy sugar, so sweet
