I want a glowing life

This is good, that is good too
I'm looking for something great
So I can shine as the person I am

I have to face tomorrow with passion

Things that are popular and trending now
Although there are days I can't get my mind off of it
What is important is that I, myself
Experienced that I had became a better me

Always I'm aiming for the top rank
Going crazy, don't look back
Just keep looking forward (positive)
So, don't stop everyday
No one can stop you
Now open the way

To the future, changing!
I'm going to keep changing
As many times, the way I want to
I won't get lost, changing!
I can't stop, because, you see
You only live once! (life life life life)
I wanna grow up

Jumping to the future
Come on, don't worry, my baby
Oh, to a new world
Don't hesitate, changing!
From one to another more and more
I want to shine (life life life life)
I want a glowing life

Show you, show you, everything ok
Share what's on your mind
Think with all you got
It'll be awesome if we get more smiles
Chase your dreams, leap in time
I will always take the challenge

Always I'm aiming for the top rank
Going crazy, don't look back
Just keep looking forward (positive)
So, don't stop everyday
I don't want to regret it
I won't give up

To the future, changing!
I'm going to keep changing
As many times, the way I want to
I won't get lost, changing!
I can't stop, because, you see
You only live once! (life life life life)
I wanna grow up

Jumping to the future
Come on, don't worry, my baby
Oh, to a new world
Don't hesitate, changing!
From one to another more and more
I want to shine (life life life life)

Can you hear my beats
And can you see my eyes
My heart is beating
Can you hear my beats

And can you see my eyes
I'm looking forward to it

The troubles we encounter from time to time
Let's face against it
Oh, riding the wave of generations
Let's keep on shining

To the future, changing!
I'm going to keep changing
As many times, the way I want to
I won't get lost, changing!
I can't stop, because, you see
You only live once! (life life life life)
