

# DAT AHH DAT OOH

TWICE

Yeah  
It's that ah  
That ooh

I'ma work that, yeah, I'm good on the help  
I keep all of them hooked like a belt  
Skirt so short, it look like a belt  
Don't need you, I do it for myself

I'm that, that, that, that  
And they double tap-tap 'cause I'm so cutesy  
I'm that, that, that, that  
Had to say it twice, I don't use the term loosely

It's just the lifestyle, babe  
Can't replicate, I been that girl  
They want the tea on me, don't worry 'bout it

Baby, that's that ah, that's that ooh  
It don't really matter what I do  
'Cause I got that ah, got that ooh  
Everytime I step up in the room  
They say, "Ah, can't nobody do it like you"  
Ooh, better take notes  
'Cause I got that ah, got that ooh  
From the tippy to the hippy to the shoes (Yeah, I got that)

Tell me, can you match that?  
Baby, I can throw it, but you'll never ever catch that  
Ah, kitty-kitty, cat-cat  
If your cameras on, bet' not lemme see no flashback  
I usher that pressure, they're like "Oh my God"  
One look at my aura, they say, "Ooh-la-la"  
I got it, they like it, that je ne sais quoi  
You do what you told, and I do what I want

It's just the lifestyle, babe  
Can't replicate, I been that girl  
They want the tea on me, don't worry 'bout it

Baby, that's that ah, that's that ooh  
It don't really matter what I do  
'Cause I got that ah, got that ooh  
Everytime I step up in the room  
They say, "Ah, can't nobody do it like you"  
Ooh, better take notes  
'Cause I got that ah, got that ooh  
From the tippy to the hippy to the shoes (Yeah, I got that)

Baby, I got something that you can't buy  
And you couldn't do it like me, not if you tried  
Just remain in awe of what I do  
'Cause I got that ah and I got that ooh

Baby, that's that ah, that's that ooh  
It don't really matter what I do  
'Cause I got that ah, got that ooh

Everytime I step up in the room  
They say, "Ah, can't nobody do it like you"  
Ooh, better take notes  
'Cause I got that ah, got that ooh  
From the tippy to the hippy to the shoes (Yeah, I got that)

It's that ooh
