

Let's evaluate this situation
Let's communicate with conversation
I don't wanna wait, I'm too impatient, oh
Boy, you way too loud, I had to check that
Quit running your mouth or you'll never get that
I don't play around, already did that, oh

You won't hurt my feelings
Tell me straight to my face, you can't lie to me
If you try, you'll be wasting your time
Your time, yeah
It ain't hard for me
I just level right up, need that privacy
Keep it locked, keep it shut every time
Oh-oh-oh

Who do you love? Who do you love?
Is it me or the thought of getting off?
Can't dive in
Can't dive in
Who do you love? Who do you love?
Is it me or am I just a moment crush?
Can't dive in
Can't dive in

If you keep it hush, no limitations
No pictures of us, just imagination
This ain't regular, flawless creation, oh

You won't hurt my feelings
Tell me straight to my face, you can't lie to me
If you try, you'll be wasting your time
Your time, yeah

Who do you love? Who do you love?
Is it me or the thought of getting off?
Can't dive in
Can't dive in
Who do you love? Who do you love?
Is it me or am I just a moment crush?
Can't dive in
Can't dive in

Put your phone away on the other side
Keep looking straight at me, need them butterflies
We party private, yeah, you know the vibe, vibe
If you wanna dive in
Put your phone away on the other side
Keep looking straight at me, need them butterflies
We party private, yeah, you know the vibe, vibe
If you wanna dive in, yeah

If you wanna dive, if you wanna dive, dive, yeah
So if you wanna dive, if you wanna dive, dive (Oh, no)
If you wanna dive, oh no
If you wanna dive in, yeah
