How u doin', I'm fine

To be honest, I'm not going to forget you
I can't seem to do it, it's like doing my homework
It's a waste of time

I like you, I really like you
I can't say that anymore
Won't be able to meet, can't see your face anymore
Unintentionally, I said these words

If you whisper with such eyes, even others
Ok! won't be able to move like a doll
Boy boy boy boy, I'm at the limit of enduring this
Conflicting heart (1 2 3)

Oh boy, listen to the words you expected
Good bye, we were the happiest, right?

Say no
No way (no way)
No way (no way)
How u doin', how u doin'
I'm fine, I'm fine

Don't tell (don't tell)
Don't tell (don't tell)
How u doin', how u doin'
I'm fine, I'm fine

How u doin' I'm fine

This annoying alarm
The max volume echoes
In the quiet night

I'm fine, wiping my tears ya ya
I don't need the things you gave me anymore
There are people who live strongly even in loneliness
In this vast world

If you whisper with such eyes, even others
Ok! won't be able to move like a doll
Boy boy boy boy
I'm at the limit of enduring this conflicting heart (1 2 3)

Oh boy, listen to the words you expected
Good bye, we were the luckiest, right?

Say no
No way (no way)
