

ICON

TWICE

Yeah, yeah, yeah, mmm
I'm over the top, so what
I'm just tryna give 'em all what they want
No, I ain't hard to love
They know a thing like me is once in a lifetime

Spotlight on me even when we laying in the dark
I don't even mind 'em seeing all my battle scars
Couple twists and turns, they took me straight to where we are
Outta the ashes, I'm coming alive

I think that's why they eyeing me
Watchin' me
My legacy
I took it to the top
From the start
Never stop

I ain't going nowhere, I'm an icon
When all them other nobodies are long gone
I don't even need to turn the mic on
Aye-ya-ya-ya-ya

Damn, I got it
I'm iconic

Chasing the footsteps
You're tryna act too blessed
Tryin' too hard, na-na-ooh-ooh
But you best better stay calm
Stop tryna be too on

Damn, I got it
I'm iconic

Damn, I got it
I'm iconic

Don't gotta tell me twice
I'm just tryna give 'em all what they like
Got me so up, I'm fly
Up in a lifted state of mind

Imagine you living the high life
Every second of your life
Everything better, I'm loving the view from the high rise
Even when it's high tide
I know that you wanna
Get into the middle of my ocean
You gotta

Gimme all my props 'cause
Baby, I'm a hustler
When they talk about me, they all saying "Oh, I love her!"
I ain't seeing no lies
Look here I'm the highlight
If you had my love

You'd love me for your whole life

I think that's why they eyeing me
Watchin' me
My legacy
I took it to the top
From the start
Never stop

I ain't going nowhere, I'm an icon
When all them other nobodies are long gone
I don't even need to turn the mic on
Aye-ya-ya-ya-ya

Damn, I got it
I'm iconic

Chasing the footsteps
You're tryna act too blessed
Tryin' too hard, na-na-ooh-ooh
But you best better stay calm
Stop tryna be too on

Damn, I got it
I'm iconic
