

MORE & MORE

TWICE

I know I want it
I don't wanna hide, pretending
I don't want it
'Cause I deserve it (Deserve it)
I'm not worried
What you think of me when you see what's inside me
'Cause I know you (I know you)

Don't look away, look in my eyes (Hey)
Show me your hearts and not disguise (Hey)
You can run but you cannot hide
No, no
Even if you tell me goodbye (Hey)
Whenever you open your eyes (Hey)
You think of me, you're hypnotized

You're gonna say
More, more, more, more, more, and more
Can't help but say
More, more, more, and more
'Cause you can't get enough
I wanna have
More, more, more, more, more, and more
And you will say
More, more, more, and more
'Cause it's never enough
(More)

You'll be begging for more
(More and more)
'Cause you can't get enough
You'll be craving for more
(More and more)
'Cause it's never enough

Do you feel me?
Or do you still not understand how much you love me?
Boy, you need me, you want me
Stop pretending
I can see it in your eyes, you're already mine
'Cause I know you, I know you

Even if you cover your ears
Push me away for years and years
In your heart I won't disappear
No, no
If I ever call out your name
Your heart will feel just like the same
You are gonna be mine again
Yeah, once again

You're gonna say
More, more, more, more, more, and more
Can't help but say
More, more, more, and more
'Cause you can't get enough
I wanna have

More, more, more, more, more, and more
And you will say
More, more, more, and more
'Cause it's never enough
(More)

You'll be begging for more
(More and more)
'Cause you can't get enough
You'll be craving for more
(More and more)
'Cause it's never enough
(More)

(More)

I'm a greedy girl, sorry if you didn't know
Take my apology, because I want you more, more
I'm gonna steal your heart, own it then I'll let it go
By then you'll understand you can't say, no, no
I'll be sneakin' in your heart like a stray cat
Conquer it, and put my mark on it like a tat
My love, so sweet the plan will never fall flat
And once again
(More)

You'll be begging for more
You're gonna say
(More and more)
'Cause you can't get enough
'Cause it's never enough
You'll be craving for more
(More and more)
'Cause it's never enough
(More)
