

MOVE LIKE THAT

TWICE

Love it when you be like that
How you're pushing me away and
Then you pull me back
Siseoni budichil ttae
I take two steps then you look right back
Uri dulmanui bam
And the bass kicks in, the rhythm's right
Hope you never leave my sight
We're in a crowd full of people, but

It's a ghost town
Jubyeonui soeumjocha meojeun i bam
Just you and me urimanui sungan
It's so wild
Simjangi neol ttara ga
There's something in the way that
You move

Neukkimi neukkimi Lit
Feeling that beat in my chest
Gamchwojin nareul kkeonae
Letting my hips do the rest
Neukkimi neukkimi Lit
Feeling that beat in my chest
Han sungan Hypnotized
Yeah there's something in the way
That you move

We can keep it going all night
Ajjiilhage gipeojin Eyes
1bun 1chodo No way out
Got-got-got me hypnotized
We can keep it going all night
Ajjiilhage gipeojin Eyes
1bun 1chodo No way out
Got-got-got me hypnotized

Move to the bassline, pull me in tight
Give me, give me a taste, taste of your eyes
Step to the left, take it back to the right

Uh, we can do it all night
