Only you

It's weird, I didn't imagine it at first
Just like a sugar rush
You slowly approached me
And knocked on the doors of my tired heart
Is that when it started

I thought you were a good friend
I keep thinking of you before I know it
My cheeks get red and I only smile
The love's already begun

You're sweet you're just like chocolate candy
I want to show you how big my heart has grown that I can't hide anymore
Let's go

Always stay with me, don't leave me boy
Now I know with my heart I've got only you
Look into my eyes boy, it's full of hearts
No matter what anyone says I've got only, only you

Only, oh only, only you
Only, oh only, only you
Only, oh only, only you
Only you

I've got O N L Y you don't ask why
Real love has no reasons
Call me "jelly" call me every day
Our secret code fluttering love mode

Baby, baby, tell me what do you think
Why is it so complicated, you want me too
You pretend you don't but I can tell, I can tell that's right
Now come here kiss me butterfly

Ooh I tremble when we brush a little
Ooh when we touch a little, my heart goes
Pitter, patter, pitter it's for sure L O V E
Let's go
