

# Options

TWICE

Hey  
I got all these options  
Okay  
Options, oh, options

Say you want my number  
Say you wanna take me out tonight  
Go a little further  
Say you wanna drive until the sunrise

A sprinkle of me, bit of temptation  
Tight lil' jeans, what a sensation  
If you only knew  
What I could do to you, ah yeah

First guy turned up in a black tie  
Second wasn't my type  
Third, I let him know, oh  
That I'm a little selfish  
I know but I just can't help it, no  
Ego control  
Keep it on the low 'cause I never really know

Baby, I'm gon' keep my options open, oh  
Baby, I'm not bought and I'm not chosen  
A, B, C, D, got options, oh  
I'm picky when I choose  
Voulez-vous? Could be you, oh

Mmm, I might choose this one  
Might put him in a bag in addition to  
This one, this one  
He ain't givin' up 'cause he got ambition

One thing that I got, no doubt  
Nothing's gonna tie me down  
Baby boy, can you handle it?  
The way that I move is scandalous

First guy turned up in a black tie  
Second wasn't my type  
Third, I let him know, oh  
That I'm a little selfish  
I know but I just can't help it, no  
Ego control

Baby, I'm not bought and I'm not chosen  
A, B, C, D, got options, oh  
I'm picky when I choose  
Voulez-vous? Could be you

I, I got them options  
I got them options, I got the time  
Out in the open, swimmin' in oceans, oh  
If you really want, you could be the one

Don't be overthinkin', little bit of fun  
On one condition, don't get too emotional

Baby, I'm gon' keep my options open, oh  
Baby, I'm not bought and I'm not chosen  
A, B, C, D, got options, oh  
I'm picky when I choose  
Voulez-vous? Could be you
