I apologize for giving you the cold shoulder
But we are through
Goodbye, I've had enough
No use regretting you "made a mistake"
After all this time, it's too late

Ah, just like a sandcastle
The perfect world crumbles without a sound
Empty memories no lingering affection, nothing
I don't need your love

Don't wanna hear your excuse, no (Yeah, yeah, yeah, yeah)
If you're trying to please me, stop (Yeah, yeah, yeah, yeah)
I'm not going to give up my life for you
Don't make me hate you more, oh-oh
I just want you to keep away

Get out, get lost
A wholehearted rejection
Get out, get lost
You have nowhere to return, shut it down
The bad end
This is a send-off, bye, bye, bye
(Oh-oh) I just want you to keep away

Two lovers walking by
Just like us when we met
Did you forget that shine?
Who would have imagined
This bitter ending? Oh

Ooh, after the storm
Everything looks different than yesterday, brand new sky
In the future without you
There is hope in the future without you, I noticed
'Cause my life goes on

Don't wanna hear your excuse, no (Yeah, yeah, yeah, yeah)
If you're trying to please me, stop (Yeah, yeah, yeah, yeah)
I'm not going to give up my life for you
Don't make me hate you more, oh-oh
I just want you to keep away

Get out, get lost
A wholehearted rejection
Get out, get lost
You have nowhere to return, shut it down
The bad end
This is a send-off, bye, bye, bye
(Oh-oh) I just want you to keep away

Ah, yeah, yeah, yeah
Yeah-eh-eh
La-la, la-la
Wanna keep away

How could I? Judge and choice
Been so wrong, I was wrong (Yeah-eh-eh)
I was a dreamer
My crime and punishment

Get out, get lost
A wholehearted rejection
Get out, get lost
You have nowhere to return, shut it down
The bad end
This is a send-off, bye, bye, bye
(Oh-oh)

All the sweet-talk (Yeah, yeah, yeah, yeah)
Sounds so fake, no (Yeah, yeah, yeah, yeah)
You have no right to talk about love
Can't stay here anymore, oh-oh
I just wanna be far away

Get out, get lost
From that heart, escape now
Get out, get lost
I'm sick of you letting me down
Never again

Will our paths cross? I hope not
(Oh-oh) I just wanna be far away
