The teacher used to say, "you are yourself"
I remember such words now
(Uh uh uh) it was really perfect timing
(Uh uh uh) I am gently crying

Tears turn into
Twinkling sparkles (shine bright)

When everything goes wrong
Polish polish 'cause we are diamonds
And your eyes, swollen from crying too much
Becomes the power to live tomorrow
If you look up, you can see the gleaming
A bright future, dream it
As it is ready, go
Today we are glittering, we are diamonds

We're shining like
Oh we're shining like, bling
We're shining like
We're shining like, bling yeah

The dress I bought online
It was cute but miss, it doesn't fit, stress
An invitation to play (said no no)
He was coming, oh no (so mad)

(Uh uh uh) this sucks, perfect timing

Never miss the next chance, I'll make it mine

There are also failures
Waiting ahead, just like treasures (wait up)

It doesn't matter if someone laughs at me
Polish polish 'cause we are diamonds
I changed my bangs
To charm points
If everyone notices
"Good" they praise me
Don't shoot! that's the
Smile gleaming, we are diamonds

We're shining like
Oh we're shining like, bling

Everyone has their own color
Your personality is important, isn't it?
Raise your head
'Cause everyone's a diamond!
You know, make-up and coordination
Different is more interesting, isn't it?
Be polished like that
'Cause everyone's a diamond!

Go go, don't be afraid
I want to challenge myself
Hey hey, with courage
I'm going to search for real me yeah

When everything goes wrong
Polish polish 'cause we are diamonds
And your eyes, swollen from crying too much
Becomes the power to live tomorrow
If you look up, you can see the gleaming
A bright future, dream it
As it is ready, go
Today we are glittering, we are diamonds

We're shining like
Oh we're shining like, bling
