I know □□□□□□□□

At any point in life, you know I'll be by your side the most
We'll overcome the sadness together, too
There's the reason why
I want to walk hand-in-hand with you
I know I'll always love you

Please, if my wish is granted now
I'll want to give you alone my smile
So, you are the only one, it's you, because
You're more important to me than anyone else

On our lowest days, and through happy ones
As we are, with you, I've given you my feelings

At any point in life, you know I'll be by your side the most
We'll overcome the sadness together, too
There's the reason why
I want to walk hand-in-hand with you
I know I'll always love you

Cry if someday the two of us grow distant
And even if I lose all the words I have
You, you are my everything, believe, I won't forget
Because if we grow apart, there's no point to anything

Even without words, I know you can understand me
With my true heart, my "sorry" will reach you

In this endless future, what kind of dream
Is living in that heart, I wonder?
There's the reason why
On that day too, I know I'll be by your side

I do, because I'm right here with you

If I have that person I can love

I can live, without fear

The stars sparkle because I am with you

At any point in life, you know I'll be by your side the most

We'll overcome the sadness together, too

There's the reason why

I want to walk hand-in-hand with you

I know I'll always love you
