Tell me that you'll be my baby

I'm in two minds,
In an awkward situation
I just stare and say ba-ba-ba-baby
Everyday I only imagine without asking
I talk casually and say your name baby,
But we don't even know each other
Beautiful no matter what I wear
Just the two of us in the mirror having a
Fashion show show
This time for sure, I'll be the first to talk talk
But it's only in my head, always only in my head

I start humming and before I know it
I feel like crying, I don't feel like myself
This isn't like me at all
I love you so much

Think I'm all grown up now
I'm free to make my own choices, but why
Why can't I have it my way
The more I try to push you away,
The more I'm drawn and attracted to you baby

I'm like TT, Just like TT
You don't know how I feel, So mean, so mean
I'm like TT, Just like TT
Tell me that you'll be my baby

You say I'm ridiculous,
That I don't live up to my looks

Doesn't cheer me up at all ba-ba-ba-baby
I'm going crazy in all this mess,
Why do I feel hungry?
I eat all day and am still hungry

Slap slap slap slap
The innocent doll
I sit and lie down all day,
Time flies flies flies
What's with the dull skin again
Keep wanting to just complain
Mom keeps bothering me why why why?

Nanananananana
I start humming and before I know it
I feel so irritated, I'm so upset
I'm normally not like this
I love you so much

Think I'm all grown up now
I'm free to make my own choices, but why
Why can't I have it my way
The more I try to push you away,
The more I'm drawn and attracted to you baby

I'm like TT, Just like TT
You don't know how I feel, So mean, so mean
I'm like TT, Just like TT
Tell me that you'll be my baby

Do you realize what's going on inside me
Don't disappear from my view like this
This time for sure, I'll be the first to talk talk
But it's only in my head, always only in my head

Think I'm all grown up now
I'm free to make my own choices, but why
Why can't I have it my way
The more I try to push you away,
The more I'm drawn and attracted to you baby
