

All Things Work Together

Twila Paris

And we know that all things work together
Yes we know that all things work together
For those who are called
Those who love God
Those who are called
Called to Your purpose

All things work together
All things work together
All things work together
Work together for good

So we lift up our hearts
Lift up our hands
Lift up our hope in You
Though we may not yet understand
We know it's true
