

## Live To Praise

Twila Paris

You made me out of dust and breath  
And I will live to praise you  
You saved me from a certain death  
And I will live to praise you  
The more I look, the more I see  
There is no higher goal for me

You are my King, You are my Lord  
I will praise you  
You are my hope, You are my source  
I will praise you  
And I will lift you name up high  
You are my God, You are my Life  
I will praise you  
I will praise you

All that I am You give to me  
And I will live to praise you  
You made me new You made me free  
And I will live to praise you  
The more I seek the more I find  
The perfect love in your Design
