

Dragonborn

Twilight Force

What if I told you
There's a secret way?
Some have the power to be one with a beast
Trust your fate and you will be as one again
Find a way, Dragonborn

One day, you will be the one to reach the sky
Ride on wings of dreams and fly away
Dreams come true, your fate will come to life (Dragonborn)
Use the magic in your heart, Dragonborn

Soul of the dragon
Will and mind are unified as one
See the world through ancient eyes
May the power of the dragon guide your way
Heed your call, Dragonborn

One day, you will be the one to reach the sky
Ride on wings of dreams and fly away
Dreams come true, your fate will come to life (Dragonborn)
Use the magic in your heart, Dragonborn

Fly away to the skies
And be as one, Dragonborn

One day, you will be the one to reach the sky
Ride on wings of dreams and fly away
Dreams come true, your fate will come to life (Dragonborn)
Use the magic in your heart, Dragonborn
