

Guardian Of The Seas

Twilight Force

Sail across the oceans, ride on the waves
Guided by hope and starlight
Mystical powers leading our way
Forces of fire, shaping twilight

Od I mith tol I môr
Alagos o lamath

Storms in the skies striking fear in our eyes
Hear our cry

Od I mith tol I môr
Alagos o lamath

Mighty dragon fly high, save us from the storm
Fly to the guardian star, rise again
Ancient glory shining, cast your spell
Guardian of the seas, rise again

Far across the oceans, far beyond the skies
Was a land of wonder, so glorious
Through dark waters and misty seas
We conquered our fears and rejoiced in tears

Guardian of the seas, save us from the storm
Fly to the guardian star, rise again
Ancient glory shining, cast your spell
Guardian of the seas, rise again

Stormy seas, mystical waters, furious winds
Whirling clouds, blustering waves of rage

Balan gaeear, tirlen an uir

Mighty dragon fly high, save us from the storm
Fly to the guardian star, rise again
Ancient glory shining, cast your spell
Guardian of the seas, rise again
