Sex Jail

Twilightning

Locked up in a cage without a clue
She didn't know what she was supposed to rue
Neither did she guess that one essential operation
Led to a sentence of a lifetime in damnation

Sex jail – A place of vestal grief
No way to get relief
They'll fail the discovery of the key to bliss and pleasure
Sex jail – A place of vestal grief
The victims of belief
Unveil the reason for the pain that's hard to measure

Can't explain the strange anxiety
Doing time for cruel reality
The quest for the hidden jewel was to be prevented
As the preconditions of her life once were fragmented
