

Wounded & Withdrawn

Twilightning

Deep vibration – he shivers while they pray
Strange emotions – hiding thoughts they never dare to say
Snake's is slithering away to stop his slow decay
Someones desperate crying is another ones for play
He's dreaming eyes wide open
Reflecting strange illusion
Voodoo's going on and on
Must have been delusion
Wounded and withdrawn
Rope is tightening – controlling mind and throat
Image whitening – suffocating the last hope
Old man's lying, trying to hide his laugh, to keep his cool
Snake is slithering away, escaping from the fools
He's left there eyes wide open
Reflecting strange illusion
Voodoo's going on and on
Must have been delusion
Wounded and withdrawn
