

# A Scar To Hide

Twin Atlantic

There is no road, there is no place  
I can't belong, but still I drive  
I feel my heart, I cut my teeth  
I live by the sword

There is a scar  
There is a scar to hide  
I try to hide

Take me for a ride  
You can never stop me from rushing  
I don't want to disappoint  
So I'm down on my knees  
Down on my knees

If there is another chance  
Run away with it  
I can handle it  
If there is another man  
Run away with him  
I can't live like this

There is no line, there is no vice  
I can't deceive my fucking pride  
I fail my name, I cut the cord  
I live to destroy

There is a wall  
There is a wall to climb  
I try to climb

In the dark clouds  
I fail my name, I cut my teeth, I, I  
I live by the sword

There is a fear  
There is a fear to hide  
I try to hide

Take me for a ride  
You can never stop me from rushing  
Don't you want to disappoint  
When I'm down on my knees  
Down on my knees  
Down on my knees

If there is another chance  
Run away with it  
I can handle it  
If there is another man  
Run away with him  
I can't live like this  
If there is another chance  
Run away with it  
I can handle it  
If there is another man  
Run away with him

I can't live like this

Cos I'll keep on breaking till there's nothing left of  
This stone cold person you think that you love

If there is another chance  
Run away with it  
I can handle it  
If there is another man  
Run away with him  
I can't live like this

When I'm down on my knees  
Down on my knees  
Down on my knees

When I'm down on my knees  
Down on my knees  
Down on my knees
