

Bang On The Gong

Twin Atlantic

(I'm over it with ye
Get out of ma house right now, I'm done)

What's it like?
Come on, tell me what it's like
You got the life
And I only want a slice
Give me advice
Nah, that don't seem right
I'm too nice
You've already pulled a knife

I never knew that it would be so easy
I never knew that it would need no manual

What's it like?
Come on, tell me what it's like
What's your sign?
I hope it's not the same as mine
What's it like?
What's it like?
I get my bite once in a lifetime, twice

I never knew that it would be so easy
I never knew that everything is not enough

Bang on the gong
My moment has come
Bang on the gong
Phenomenon
Even if I'm wrong
I still got it on
Bang on the gong
Phenomenon

(Right, stop it, stop it, you're annoying me, get away or I'll kick yer arse
)

More champagne?
Write a letter in cocaine
Solid choice
Glasgow or Detroit?
Overpriced
Hurry up and buy it twice
Underripe
I never seem to time it right

I never knew that it would be so easy
Black card, Banksy, mirrored ceilings
I never knew that it would be so easy
Park my Giallo Lamborghini

Bang on the gong
My moment has come
Bang on the gong
Phenomenon
Even if I'm wrong

I still got it on
Bang on the gong
(Phenomenon)

Bang on the gong
My moment has come
Bang on the gong
Phenomenon
Even if I'm wrong
I still got it on
Bang on the gong
Phenomenon

(I'm sick o ye)
