

# No Sleep

Twin Atlantic

Are you happy yet?  
How do you measure if you're over it or not?  
I've got that coffee grip  
You're waterboarding me through seasons of  
Breathing in that pollen and raw day dreaming  
Day dreaming

I get no sleep  
Days on repeat  
I get no sleep, no sleep  
I get no sleep

Selfishness  
Sewn in the fabric of the teletext youth club  
Eternal moan and bitch  
A broken traffic light that stopped me from stalling  
Now I'm spilling my guts day dreaming

I get no sleep

Days on repeat  
I get no sleep, no sleep  
I get no sleep

We're not gonna sleep no more  
We're not gonna sleep no more  
I take pills and I drink alcohol  
We're not gonna sleep no more

We're not gonna sleep no more  
We're not gonna sleep no more  
I take pills and I drink alcohol  
Ready or not, day dreaming's got to stop

I get no sleep  
I get no sleep

I get no sleep  
Days on repeat  
I get no sleep, no sleep  
I get no sleep
