

Ultraviolet Truth

Twin Atlantic

I've been wasted all of my youth
Simple healing, ultraviolet truth

If time could ever turn back
I know the war would still pass
Living ain't easy
You're dying to believe me

You've gotta keep it together (Keep it together now)
You've gotta stay so strong (Strong)
Under all that doubt, you can drown me out
You've gotta keep it together (Keep it together now)

I've been wasted all of my youth
Simple healing, ultraviolet truth

If time could ever turn back
I know the war would still pass
Living ain't easy
You're dying to believe me

You've gotta keep it together (Keep it together now)
You've gotta stay so strong (Strong)
Under all that doubt, you can drown me out
You've gotta keep it together (Keep it together now)

I've been wasted all of my youth

I've been wasted all of my youth
Simple healing, ultraviolet truth

You've gotta keep it together
You've gotta keep it together
Wasted all of my youth
