

Plans

Twin Forks

Cycle a chord or two
Sitting around thinking of you
Scribble something down quick
Trying to make the words stick
I'll be done a quarter to three
Would you like to have a drink with me?
Gonna say some things when I get home
Things I don't say in the microphone

I got plans for you, oooh [x3]
I got plans for you
I got such big plans for you

Should have heard my first song
Might have been my best yet
It's sticking to a pretty loose
Drifted off dreaming of you
Voices, a good voice
Avoiders have touched more
Might have flubbed a few lines
Hoping no one really minds

I got plans for you, oooh [x3]
I got plans for you
I got such big plans for you

Cause if we keep working we can make it out of this place
I can keep on working for as long as it takes
Cause I got plans for you, oooh
Cause I got plans for you

Cause if we keep working we can make it out of this place
And I can keep on working for as long as it takes
Cause I got plans for you, oooh
I got plans for you
I got such big plans for you
I got such big plans for you

Cycle a chord or two
Sitting around thinking of you
Scribble something down quick
Trying to make the words stick
