

## Sympathy

Twin Shadow

So you say you feelin' jealous  
Without it, you don't know what love is  
When I mess up  
I know, I know  
But so went off my nerves to phone ya'  
Was so in shock when I first read it  
That day I never will forget it  
I've sewn it up inside my bones  
And in my heart I know I know  
It's real

It's real like when I dream so vividly  
But in my heart I know it's real  
From your locks down to your feet  
And now I'll never forget it  
How my life was incomplete  
And in the dark I found you  
And now we got the sympathy  
(Got that sympathy)

So you say it feels reckless  
Went out and bought another necklace  
To cover up the bruises on ya'  
But what about the one I loaned ya'  
You never made an edit  
Not done enough that you'd regret it  
But I don't need a change to know  
There is space for love to grow
