

Ain't Too Young Now

Twista

I can get freaky as I want to
Be nasty as I want to
I used to be a young girl
But now baby I'm grown up
Know just how I like it
Know just how I want it
And I can tell you want me too
Cause I ain't too young now, now, now
Cause I ain't too young now, now, now
Cause I ain't too young now, now, now
Cause I ain't too young now, now, now
I ain't too young!

Thinking about when you was only a young girl
I never paid no attention
But I'm hearing that you used to get goose bumps
If I'm around where my name is mentioned
For your age, you was living a mature...
Always into older boys
Momma told you to come back in the house
Cause you're... so you don't know them boys
When you was... you was afraid to come out
You said you wanna feel passion with me
I told you that you were...
But whenever I get your bootie, you ain't even got ass and titties.
But you were still determined to get me
Sick of me looking at me like you're irrelevant
Even when you thought you was old enough
I know your mind and your mind where still developing.
But no until a couple of years
Time flew, your mind grew, and your behind grew
And ain't no question about if you're a woman now
Tale a look at them... I want you in the bed
So when I... she think she ready
This is what she say:

I can get freaky as I want to
Be nasty as I want to
I used to be a young girl
But now baby I'm grown up
Know just how I like it
Know just how I want it
And I can tell you want me too
Cause I ain't too young now, now, now
Cause I ain't too young now, now, now
Cause I ain't too young now, now, now
Cause I ain't too young now, now, now
I ain't too young!

Wish you was young, she had a...
I said, damn ask you
So I... so think of sophisticated
And I was like damn, that's you?
Couldn't got you in the chevy, I knew you wasn't ready
Even though you was... I didn't rush you!
If I knew what a little girl in the block would turn out into...
All swagged out, hairdo, with your louis vuittons on

Didn't know you, now I'm wishing you was my own
... another story where you got them heels out
Looking at your figure, I know you feel down
Because at first I wouldn't... what she about
Where she like to go, what she like to do
Is she a freak, how she like that
Is she a... to give her... when the trains are really on the right track
If I holler... you was 19 or 20
You wouldn't respond, cause you was too young!
Now she's so fly, I ask her, and I hit it
That's what she...

I can get freaky as I want to
Be nasty as I want to
I used to be a young girl
But now baby I'm grown up
Know just how I like it
Know just how I want it
And I can tell you want me too
Cause I ain't too young now, now, now
Cause I ain't too young now, now, now
Cause I ain't too young now, now, now
Cause I ain't too young now, now, now
I ain't too young!
