

Creep Fast

Twista

C'mon c'mon eh T-Pain, its Twista come this way, we gotta creep fast

Watch as I hit it through the middle of the city in the chevy
And I'm ready with the woofas that'll flip your block
And I got the tick and a machete for the niggas actin' petty
Get to talkin' an I'm a heat up your block
If you wanna bring your boys
Better bring the toys
Better bring the noise
I'm a pump both up with ammunition
Bodies I be hittin' when I get to spittin' everybody
Shoulda broke and ain't nobody listen so now I

Roll and 24s when I'm on your tip
They don't know who I am ain't no body talkin' shit
Tell me when did they ever think that I was a hoe
Cause I got killas with me crips, bloods, g's and folks

And we be focused on the paper when we be up in the kitchen
When we thinkin' about the money on the steady come up and I got the niggas
That be ready for whatever with a whole war chest if a nigga run up
Ak 47, desert eagle, sk, mac 11 for the niggas that'll try to run up
Nigga what ya want I'm a bone thug get you while your sleeping
Cause you know I'm creepin on ah come up

Mother-fuckas actin' like they don't know me
But they know just who I am, I'm a motherfuckin' killa gorilla nigga
You better act like you understand
Cause I'm a killer a mass murda the realest nigga that you ever heard of
Mothe fuckers actin' like don't the deal
But they know just what to do
Every body talkin' in the streets so you know that I'm comin straight for yo
u
I'm a killa a mass murda the realest nigga you ever heard of

Quit the playin' nigga and get over on the Twista I'm a see you when I see y
ou
And I wouldn't want to be you
Got the desert eagle
When I'm rollin' in the regal
And I'm lookin' at you evil
Through the eye of a needle
Not a misdemeanor
But a murder with a millimeter
Feel the heat of Twista when I'm bustin' at your whip
I get a burglar when I be comin' for your shit
I'm a get you for your goods when I run up in your crib

Tell me where your jewelry at
Where your safe
Don't make me have to smack this ugly bitch in her face
Is it behind the portrait or is it
In your floor just let me know so that I can hit it up
Cause I gots to go
Cause I gotta throw it so I had to lick on them niggas
Cause it used to be that if I had to hit em imma get em
Never ride a burgundy lamborghini murcielago through the city

Because I know that'll kill em
Averagin a 100 yards a game
My competition better back up
I'm the e running back
Niggas that ain't ready get the machete
For the lyrical jason of rap imma keep comin back

Motherfuckers actin' like they don't know me
But they know just who I am, I'm a motherfuckin' killa gorilla nigga
You better act like you understand
Cause I'm a killer a mass murda the realest nigga that you ever heard of
Mothe fuckers actin' like don't the deal
But they know just what to do
Every body talkin' in the streets so you know that I'm comin' straight for y
ou
I'm a killa a mass murda the realest nigga you ever heard of

The lyrical assassin the pocket I got in
I be attackin' the track
And I got a package of the good
See a legendary representa for the city
Cause I put it down ever since I been rappin' in the hood
17 years of goin' and flowin'
And showin' these niggas when it come to beaten me nobody could
I was spittin' venom ever sense the days U-G-K been rappin'
And talkin' about puttin' diamonds on the wood

Pullin up in a old Cadillac before I got some thangs
And I got that gwap and the numba one spot now I ride a range
And because I spit that crack is the reason we got some change
And if we ain't makin' money off rap then we got them thangs

Got the 8 dollar hollas two for 15's
A 4 and a split a nine piece so you can hit the whole brick
How I win it by makin' a 100 every summer
Pullin' up in the hummer can make a nigga so sick
How we constantly come up with hits and steady be gettin' fans
Is only because a nigga flows sick
Showin' no debate everybody know I'm great
Any muthaf**kas that hate can suck my dick

Motherfuckers actin' like they don't know me
But they know just who I am, I'm a motherfuckin' killa gorilla nigga
You better act like you understand
Cause I'm a killer a mass murda the realest nigga that you ever heard of
Mothe fuckers actin' like don't the deal
But they know just wat to do
Every body talkin' in the streets so you know I'm comin' straight for you
I'm a killa a mass murda the realest nigga you ever heard of
