Twista, I'm a winner
Joogin in a city full of motherfuckin killers
Fuckin with them niggaz on the corner servin pillars
and they get it every morning from the summer to the winter
With a pocket full of figures and I got the hood of niggaz
and a banana clip for the gorillas
Throw up a middle finger for whoever don't feel us
Matter fact, if we have to we'd be comin after your dinner
I'ma drop a joog on you niggaz right now
What you spendin 35 hundred for a pound?
I'ma take it 35 hundred joog 35 times
Make it 35 muh'fuckin pounds
C-c-city full of niggaz that be misunderstood
And I might come and stick you up if you got the goods
Come in here talkin that shit, I wish a nigga would
You wanna know what they on when you in the hood

I could joog your tax
I'll make a quick hundred racks with that wire (one mo')
Then flip it and bring it back
And make a few hundred stacks with that fire (one mo')
Put the K roll in the Ac'
I roll one and sit back because I'm waitin on a hundred units
And if I don't come up off of that
I'm servin the dummy pack and face the drama when I run into it (joog)
Ain't nothin like us
Gotta send a shout to the lifers
Roll in the Camaro with the car crackers
In the club poppin bottles with the swipers (one mo', one mo' drank)
Shoutout to my plug
Let's get it - shoutout to my shooters
My shooters got shooters
My hitters got hitters and they got bazookas on
