Псины псевдо  
Советы давали, но беды миновали, потому доконали морально  
Меня тупо не понимали, потому намерено мешали  
Потом пытали, подумайте пули парабеллума были летальны  
Точёны навыки по ночам, по началу и миновали страны  
Это потому были зависимы от микрофона  
Наоборот такими поломали талоны  
Половина которых пытались потом балаболить  
НЕ зомбированы массаами  
За грамотой не ламинированной они прятали разумы  
Словами заминировали виды сразу  
Тебя постепенно два материка атаковали фразами  
Но вы били ногами по полу  
Не слышали мы топота  
Так заведено было  
(Insane)

Hmmm... Bitch please, you be layin' in the gravel  
When I know about the niggas  
That I'm bringin' to the batter

And got it shakin' like a rattle  
Anybody wanna beef with me when I murder all the cattle  
Skate down and get ghost  
Quicker than my brain gets when I hit the slopes  
We be beatin' mother flame, they will deliver the pain  
But when I take 'em with the griller  
Then I'ma hit again the do' with the flow so SWITCH!  
I fuck 'em with the lyric and murder, I'm homegrown  
I be singing like an alien and tell 'em to phone home  
Like I'm about to hop in the ship with the brother  
Take a drink over with 'em  
And tell 'em how many bitches slain dick  
Then I gotta go with the niggas who can't spit  
Every single record that I bring is the same shit

It's pityful, I couldn't boy, none of 'em are [?]  
Act when I smack, my brain gonna fuck 'em

Takin' 'em off Filicia  
And being sure that you are fuckin' poodles  
Hypnotizin' people lookin' at me like I'm Godzilla  
I'm comin' out of the ocean with bullets ready to kill em  
I seek 'em like I'm a pilum I'm lookin' for motivation  
Maybe thinkin' about something then I will remain a pillar  
Takin' 'em up in their back  
And puttin' their sack up, into their (homies?)  
And if they tell me everything I wanna know what they fucked  
Finally gettin' to talkin', now the others remember stalkin'  
I hope they tell me everything I wanna know, they are still fucked  
Doublin' up with the wack and I'm finna be puttin' their body in 'em  
And they don't wanna see me when I'm really on my thang  
I will cook 'em in the kitchen and eat 'em with the feast
