

## December 24th

Twisted Insane

Drag it on over here  
This a Christmas album  
(Hm)

December 24th, Merry Christmas  
Probably gonna find me on the roof  
Left the scene, but I ain't leave a witness  
Looking, but never find the proof  
Now they wanna play, I don't play nice  
All red suit with the wool  
'Bout to get the k on the sleigh ride  
Santa got brain on the coupe

Shot the body, found him in the snow, fuck the waiting, Blood, I gotta go  
Tell him giddyup, they waiting at the pole, gotta couple gifts, but shit, I'  
ll need some more  
Line 'em up with your best and go to sleep right now, it's Christmas Eve  
Catch 'em when they wake up in they house and put the gifts up under trees  
Smother thee, pillow in his face and get to dumping these  
Psyche, you better be down, and if you leave, don't come to me  
Someone shoulda told about the Krampus though, the venom he possessed arrest  
s, you had to know  
He sick, there ain't no vaccine or no antidote, it's time to feast, I eat yo  
u like an animal  
Merry Christmas Eve, you will bleed jingle all the way  
Get down on your knees you will plead this holiday  
On the north pole, I stay up with the elves, make up these presents and put  
them on shelves  
Read all the letters you put in the mail, do it for free, I ain't trippin' o  
n sales  
Krampus stay heated up, come straight from hell, burn in the flame, you don'  
t listen to me  
Every day must be like Christmas to me, when you beat me I'm always in red o  
r some green  
Merry, merry, merry, merry Christmas, the amount of bodies found up in the d  
itches  
When they go they think "Will anybody miss us?", blacking out, before you wa  
king up I'll getcha  
Gather round the tree, I'm finna light the Swisher, keep the Christmas tree  
inside of Santa's sack  
Blow the rest the blunt and then we up the chimney, keep the fire lit, you k  
now when I'll be back
