

Devilish

Twisted Insane

Yeah
We here
Twisted Insane
But they like to call me
Diablo

I am the darkness, there ain't no other way to put it, if you want the Voodo
o
I'ma give it to you, turnin' weak I'm servin' niggas up regardless
You gon' fuck around and find out, ain't no kinda winnin', where do I begin,
forgive me for my sin
Then kill 'em all again and nigga we gon' really find out who the hardest
Black hoodie with the black chucks
Hit this and they call for backup
Only reason that I be up in the gym to hit a nigga like a Mack Truck
Used to really get to flippin' out and feel offended when they call me brazy
Fuck it, everybody feel the same way, maybe it's the Brain that made me act
up
Nitrous, you can try to find, there ain't no other person like this
They told me that I was a demon fiendin', when I'm dreamin' I be gettin' in
a vice grip
They told me that I fill 'em all with lethal when I'm takin' people on a min
d trip
I be on the block and poppin', other rappers try'na find out what to rhyme w
ith
Devilish, brain gone sick, throw him in the pit, to hell with it
Where the fuck you hide the body, I can tell it's rotten, nigga, by the smel
l of it
We can take a trip into the woods, I put you in the backseat with the shovel
Ridin' with the devil, I will never settle so I put the middle finger in the
mail with it
Diablo

Tick tock, your time's comin' to an end, why
Stay? Wouldn't wanna be down, niggas sit around and watch your friends fry
Don't know why you wanna keep on with it, told you everybody, even them die
Come one come all, hurry, let them try
Diablo
Come in the darkness where it's no daylight
Enemies'll fall flat, better fall back, fill 'em up, take flight
Do you really want my focus I'ma make if you was a great white
Told you that I was the devil, nigga, they- they like
Diablo

(Devilish, devilish)
Might take you on a trip, you really feelin' sick and once you get it
Better buckle up it ain't no kinda medication
(Devilish, devilish)
Tell 'em how you wanna go and hangin' but I told you 'bout what you awoke
You never thought about no kinda mutilation
(Devilish, devilish)
Stare into the burnin' hell and sail up out it, I'm the very Last Demon
Fiendin' to infect a newer generation
(Devilish, devilish)
I bet they wanna call the Babylon, I mean to think about it
They ain't never seen the Reaper deep and then get penetration

Darkness, ain't nobody comin', promise they will never find you
Throw 'em in the pit where they really Brainsick, I remind you
If you thinkin' that's sick, then imagine that shit times two
Better watch out where you steppin' because I be reachin' down for those like you
Go ahead and tell 'em come through
Burner 'bout to really break 'em off, it ain't no takin' off
And take a look around the building, ain't nowhere to even run to
Cut 'em up, take the meat, throw 'em in the deep freeze with the lunch food
They say I'm just playin' - you can take that how you want to
I'm centered in more countries and more states than anyone else
Anyone they come ask me 'bout tour dates
Everybody eat the Brain up, I'm the food that's on your plate
Everybody say they love but they never ask me if you're straight (You good?)
Buckle up, it's time to take a trip up into hell's pit
Told me that you were the hardest thing and really felt the pain, you ain't felt shit
I can't keep myself from grinnin' when his head is spinnin' like a tail whip
Undisputed, see you mad and make it so the bell fit
