

I'm On

Twisted Insane

I'm on
Keys to the city
We on
Roll with me
In my zone
Rollin' with many
We get blown
So blow with me
I'm on (you can ge-ge-get it)
So we on (we can ge-ge-get it)
I'm on (you can ge-ge-get it)
So we on (we can ge-ge-get it)
If I'm on
(They find me in the room with a bag full of happy)
Then we on
(Floatin' on my shrooms, I'm in tune, Laffy Taffy)
If I'm on
(They find me in the room with a bag full of happy)
Then we on
(Floatin' on my shrooms, I'm in tune, Laffy Taffy)

Snut came home for the summer (damn)
School been out for a month (month)
Wildin' out, ridin' in the Hummer (wooh)
Brainsickin', we only live once (yeah)
Ridin' on the bus with 17 bucks
I can barely even get some lunch (uh)
You wanna hit the show on the front row?
Well, I don't even make that much (damn)
Meat up on the griddle, you can find me in the middle
Posted in the spot, who would'a thought that it was rizzle
Mixed up with some soda, yeah, the pop to make it fizzle
It's hard to head on home when they so lit up like a missile
They find me in the room with a bag full of happy
Floatin' on my shrooms, I'm in tune, Laffy Taffy
Try'na be bool, why is you lookin' at me?
Sit up and then wait for new-news from my granny
Someone gotta make it, I don't wanna hit the exit till I do
I don't wanna be all lit up when they get all tied down from the brew
Hook him up next to the mic and they all look like "who?"
Twisted Insane, [?]

I live and lay in them bandages, yeah
Usin' my blatant advantages, yeah
Fire my trip like a candle lit, yeah
You sound like the mess that you standin' in, yeah
And I got a name to estab-lish, yeah
Hit the city in the van six deep
On top of it we laughin' where the grass is green
Now everybody makin' sure they stand 6 feet
Thinkin' how I make it if I pass that weed now
When I sit up in the whip with the weed lit
Don't get everything I really want but I'm breathin'
Better keep it random with the wave till I'm seasick
We gon' make a movie day till everybody eatin', yeah
Over till I feel a feelin' when I'm dippin' through spacetime
Frequency is different, paint a picture with ley lines
[?] to find out when they get the hint of a great mind
But nobody would know it till they get it from grapevine
Now I got baited with the places I go
But you can find me on the stage all night long
I keep it silent for the sake of my soul
Gotta be ready for the hate when-

I'm on
