Got some lil homies that'll clown you niggas
Run up in the vacant block I ain't a bitch
Hit a mother fucker with a missile at a nigga pistol if a nigga

Back to the wall with the niggas all muggin only a matter of ti

Real with the shit like a fuckin man
The bitch shows up wit another nigga?
Good luck that's a bitch I can't fuckin stand
Niggas who be ackin all tough and shit
You know the ones who be thinkin they be buff and shit
Last year nigga was a lil too skinny
Nigga just the right size for my slug to hit
Just the right color for the bloods to get
Posted outside with the infa green
Beam on a nigga while I lean on a nigga with the hollow tips on
the AR15

Should I really just get this nigga
Hit em wit a Mac
Hit em in the back
Never that
Put em in a sack then
Zip this nigga
Have the lil homies just zip this nigga
Pick em up then dip this nigga
Fuck what you talkin bout
Drag a nigga but nekkid all
Through the set then split this nigga
