

# Netflix And Kill

Twisted Insane

Baby, I'mma make it simple  
Just know tonight I'm in your mental  
I'mma sex that body like it's sinful  
Until you leave these bed and covers drenched full, yeah (Netflix and kill)  
You know I'm a nympho  
Sucking on ya till I get a mouthful (Netflix and kill)  
I'm going deep until you cripple  
Girl, tonight you with a nympho

I was sitting on the couch and fucking with a madam  
She wanna fit it in again but she don't want a Magnum  
I wanna push her back and tell that bitch too bad then  
But who the fuck do I be kiddin' nigga when I'm acting, ha-ha  
Throw that bitch up on the bed and get to swackin'  
She the only one that make a nigga really feel like no other  
I ain't finna sit in here and thinkin' I love her  
But she the type a nigga really wanna get in with no rubber  
Lay down on the box spring with a cock ring and some ass beads  
Twenty minutes in that's when she begin to tell me I'm an athlete  
Took her in the back yard, where it's all dirt and just grassy  
And she wasn't even tripping, her back and her knees all ashy  
Squirting, pussy juice on the floor, fuck I'm a nympho  
When they walk up in a nigga room they don't know what they in for (nope)  
Sit up on the bed and roll a nigga some indo  
Then turn down the lights till they dim low  
Balls deep in the pussy and a nigga love that wet feelin'  
Legs up when I'm in their guts just drilling and drillin'  
Lay down on the bed, time for sexual healin'  
Had the pussy hole just squirt juice all the way to the ceilin'  
Pervert, pussy on a nigga's face like it's sherbet  
Nine times out of ten I get in, yes, I murder  
Nigga that's Brainsick, chew on that clit like hamburger  
Twisted Insane is my name, bitch ain't you heard of?

Ha...uh, mmm, mmm, huh

Uh, just lemme take a look at the pussy before I lick on it and go to work  
She bust it open, its soakin', she moanin'  
Pulling me closer while I'm pulling down her skirt, Uh huh  
Pussy juices is drippin', finger lickin', tickle the clitoris  
Got it flicking the tip of my tongue  
Cause if the pussy is juicy as Jacuzzi  
Then Imma suck the soul up out her body until I cum  
I came to Netflix and chill, neck kiss and drill, get reckless pop ecstasy pills

Hennessy dick her down while I'm liquored out  
Trying to hit the blunt from the back while I dig her out, woo  
She gone get the business, I'm into killing her kidneys  
She submissive and she listen what I say  
Talk to her like assume the position and get to gripping extensions  
I told her throw it back, she was like "k"  
Tie her up with the ropes and the handcuffs  
Blindfolded we stroking, my motive go until she tap out, but she a freak too  
And she been moving and doing this juking improving the chances that I pass  
out  
And she not stopping, she still rocking, Netflix screen saying, "you still w  
atching?"  
Then she cook breakfast in heels and it started with Netflix and chill, ha

Ha...uh, mmm, mmm, huh  
Yeah...yes, yeah...huh
