

Night Train

Twisted Insane

Do you hear it?
Yes, yes
Night after night

Tell me what you ran for (skrr)
Then why you tell these people you a man fo? (psh)
With a bandana same color as Rambo
I unload and never run out of ammo
Elevate
Hop into the haunted let's get up on it
You told me you want it you better come into the murder section
Put one in your tummy I'm lookin' bummy
But you never saw me, I disappear like the murder weapon
Wake up in the night it's only begun
Tryna figure out who imma get some more weed from
Try to hit my auntie, but they warn me that she spun
Poppin' all you niggas like a muthafuckin' rerun
I be on a different planet with the apes, I got nothin' to lose
Wunna go against the grain then I'm comin' for you
Said they gunna come for me now I'm really amused
Murder menace, I be at it, you lit up my fuse
Bring you on into the haunted
It's really not what you wanted
I got em all feelin' done and
They comment but I be on it
They rush in to be up on it
I lit em up like a comet
I'm sick and I'm spitting vomit
It's murder when I be poppin'
It's creepy when I'm comin' down the hallway (deep)
Never turn one down, I'm takin all fades (woo)
Blowin' on my green talkin' all day
When they ask me if I'm rappin' still tell 'em always
Brain muthafucka

Get up on the night train
Get up on the night train
Get up on the night train
Get up on the night train
I be on the move (woo)
I be on the move on you niggas like (woo)
I be on the move
Yep, all aboard
Chicka chicka night train

I told you it was man down
Baby, won't to tell me who's the man now
Bitches always comin' with they hand out
Dick is swell up in the pussy like it's sand now (uh yeah)
Rappers say they want it till they feel the venom
I disappeared a couple years but now it's time to get em
I reappear the fearest just to lay up in em
I got em droppin' doodoo all up in they denim
Runnin' 'round niggas, I be at 'em with the semiautomatic roastin' shit
We can take it to the backyard when you act hard gotta hold this shit
Loadin' clips just in case you niggas think that you get to holdin' this
Sit up in the corner lookin' at me with a mean mug I noticed this

Ferociousness

All in with the what's up

Make niggas all go upchuck when I pull out with the buck buck

Guts cut

That's the time they realized they fucked up (oh shit)

They try, but I'm nice with the run up

Where you goin' nigga nah where you goin' nigga?

Where you goin' nigga?

Come back nigga!
