

Don't Play This 4 Any1!

Twiztid

Don't play this for anyone, god damnit
The fact you're already listening to this
Just implies to me and Monoxide
That you're the kind of person
Who is like, I'm gonna play it for myself first
And then destroy it
And then destroy it
Because it says right on the god damn label
Don't play this for anybody
Anybody
Anybody at all
That includes your your your fucking your mom, your dad
Your brother, your sister, your cousin
Your fucking dog, don't play it for your animals
Don't play it for your pets, don't play it for anyone
Anyone
Anyone at all
Now, thank you for participating in what we can only call
(Absolutely)
One the greatest things to ever grace our lives and our souls
And with that being said, what you're listening to
Is something that, like we said, don't play for anyone
It's just for you
It's just for you
It's never gonna be for sale
It's never been heard, all of it
And we think it came out-
And if you help make that a reality, that will be a reality
Right? It's up to you
It will never be available for anyone
I'm not saying you necessarily have to break the fuckin' thing
When you're done playing it
Don't play it for anybody, it's just for you
If you guys don't share it, nobody will ever hear it
It's true
Your choice
Can you make that happen? We'll see, we'll see
But enough of that, it's time to enjoy the first track
And that is
"Anomaly"
"Anomaly"
"Anomaly"
Now, what we wanna do is we wanna-
We're gonna be on here talking to you
So if you got a fucking problem with that, right the bat
Fuck off!
Shut up
Because it's gonna- we're gonna be here
And we're gonna be tellin' you stuff
You're gonna need to know about these songs
That are important to knowledge
So if you wanna tell people about this shit
You'll know the real shit
And shut up
You heard what the fuck he said, god damnit
Now
"Anomaly" was supposed to be on what record, Monoxide?

Actually, "Anomaly" was the start
Mmhmm
Of where we thought Generation Nightmare was gonna go
It's true
Right, we recorded a few songs and then, uh
(One of them-)
Somewhere down the line, we were- we changed our direction
But (Mmhmm, mmhmm)
We kept this song off immediately because
The name, the name, first of all- one of them- I just wanna-
I wanna note, I wanna be very, very detailed
One of first four songs that we recorded was was was "Anomaly"
Yes
Monoxide is very true in saying that
It was intended to be on Generation Nightmare
It did however get axed because
We couldn't figure out what was going on with it
I recorded a verse, I recorded it
We thought the break was good, it was bad
I left it, Blaze jumped on the song
Yup
He recorded a verse, then I go to show it to Paul
And I'm like, "listen to this song"
And he's like "Blaze is on this song?"
And I'm "yeah he is now, that's cool"
He's like "that is cool but your verse sounds weird"
So I did it again, and then I did this break
And then I changed the break
And then we were going to change the name of the song, and
And Underground Avengers album at the same time
Being released on uh on on our-
MNE, NME, NME
On NME, right
It was called Anomaly 88
So it just looked like you know, either-
Aw
Yeah, like-
Like we were copying on them
Right, and we felt
We felt we were infringing
Even though we weren't and we had ours first
We still felt that it was just a dick move
To have a song with that name so
With there being so many problems with the song
We figured that it should have never seen the light of day
And never grace the lobes of your ears
So without further ado please to enjoy
Anomaly
Featuring Blaze Ya Dead Homie
Yeah
