Twiztid

If you think you can get to me
My mind's a door open, walk right thru
I'm deranged that's how it has to be
I never said I was anything like you
You bring me down!! (Let me out)
You bring me down!! (Let me out)

Sit down beside my ignorance
Nobody loves me like you do
Sick and tired of all the hypocrits
Maybe 'cause I'm not like you

You bring me down!! (Let me out)
You bring me down!! (Let me out)

Makin' judgements just to satisfy
I gotcha' different right here
You can see all the pain in my eyes
Overflowing with tears

You bring me down!! (Let me out)
You bring me down!! (Let me out)

My mind is twisted with these thoughts of you
I just can't be alone
A constant blister when I talk to you
Wish you would leave me alone

You bring me down!! (Let me out)
You bring me down!! (Let me out)

Smokin' cigarettes, passing the time
Somehow I'm lonely again
Nobody knows how I'm feelin' deep inside
Maybe if I had a friend

You bring me down!! (Let me out)
You bring me down!! (Let me out)

Kept in cages almost all my life
I'm just the shell of a man
Broken hearted from the sacrifice
I'm doing all that I can

You bring me down!! (Let me out)
You bring me down!! (Let me out)
