Everything's Cursed

Twiztid

Somewhere in my broken dreams
Way beyond me letting go
Always better than it seems
Told myself to take it slow

Please don't let me lose my head
Now that I'm back in control again
Nothing has changed, matter of fact it feels worse
Like we live in a house where everything's been cursed
Going for a double spin
(Going for a double spin)
Craving and I'm losing home
(Craving and I'm losing home)
All I know nobody cares
(All I know nobody cares)
Told myself to take it slow
(Told myself to take it slow)

Please don't let me lose my head
Now that I'm back in control again
Nothing has changed, matter of fact it feels worse
Like we live in a house where everything's been cursed
(Everything's been cursed)
(Everything's been cursed)
(All I know nobody cares)
(Everything's been cursed)
(Everything's been cursed)

So sublime what a great day to choke the mic
Like I'm about to invoke the right
At the right time when I post the fucks
What a fight
Despite I'm in a battle to save myself
My mental health is so in need of help
That if you cannot tell than you need help as well
And I know how I got here I follow the tail
What'chu you mean you don't know what I am crazy as hell
I don't me just for a smell
I mean like from top to tail
I mean the minute I came out my mama
The day I was born man the doctors could tell
We're not the ordinary
My revenge is like a sorta buried
Rick and Morty very extraordi-
Cary me inside a mortuary sober
Rarely barely
Hope for scary overload or buried in the sofas
Mary Joseph gave me focus
Hocus pocus all I ever noticed
Most of y'all are soulless
Been a bitches' hope
It's coldest when your roll it
How come no one told us
Prolly could stop, but I won't
I just wanna do what they don't
Call it a wrap like a coat
Cause I've been wearing 'em out like a jacket

Listen but he couldn't even...

No sign, no voice
Breakdown, no choice
Silence never seemed so loud
Of course is all coming down around me
(Break me down, tear me up)

Please don't let me lose my head
Now that I'm back in control again
Nothing has changed, matter of fact it feels worse
Like we live in a house where everything's been cursed
(Everything's been cursed)
(Everything's been cursed)
(Break me down, tear me up)
(Break me down, tear me up)
(Everything's been cursed)
(Break me down, tear me up)
(Break me down, break me down, break me down)
