Twiztid

You listening to magic ninja secret weapon
I'm locked in the stash box to avoid police detection
I set it off like I got Queen Latifa pregnant
One 87 now you and Selena can meet in heaven
All you niggas sweater than Chai teas
G-Mo's ears are be swinging from high trees
Every rime schemes a clue to a crime scenes
Dropped off my human cloth I'm getting it dry cleaned
Now who that little nigga crossing state lines
Fucking rubies with plastic bags I got from lan prime
You don't understand real shit takes time
Y'all niggas violence entertainment is watching pain train
I'ma give you MC some good advice
Run with a pair of scissors or a fucking butcher knife
Now you on the ground losing pints
And nigga saint digger looking for your name in the book of life

Some niggas can't deal with reality
So they hating on my magic and yo family
Some niggas wanna turn us into a casualty
You can kill me but you'll never find the galaxy
Come challenge me nigga you'll never find the galaxy nigga
(You just can't find the galaxy)
Come challenge me nigga you'll never find the galaxy nigga
(Y'all niggas can't find the galaxy)

In the fall we galaxy time traveling
I'm a savage trying to find my mind and my sanity
Mountains to climb higher or else you'll rise up with my family
I'll like up this mic up and tie up your wife and then have a bees
Insanity rap I am the master of this masterpiece
Actually I'm the baddest man to rap to even shoot the fucking party up
Tell that bitch to have a seat for spec-tam cheeps hero
Then I'll fucking clap her knees

Capo pimping I'm a stranger to the galaxy
Cut your ass in half like darn bitches is all over me
The green roll up was short circuit components
Run to his own paces and valuable any nose and outta control
Pretty the little ear sockets supersonic rockets
Than is pulled in your mind not in your pockets
Legendary you never able to carry the weight
The game so they buried them in the same cemetery
Such a shame it's a transform shifting to next faze
And hop a rubber dope to trap up the side of the maze
I'ma star shooter fucker your funeral here today
Bust a laser in air if you feeling the same way

Some niggas can't deal with reality
So they hating on my magic and yo family
Some niggas wanna turn us into a casualty
You can kill me but you'll never find the galaxy
Come challenge me nigga you'll never find the galaxy nigga
(You niggas can't find the galaxy)
Come challenge me nigga you'll never find the galaxy nigga
(Y'all niggas can't find the galaxy)

I feel like I'm floating in out of space right now
