## **Heard Enough**

I've heard all the talk (And I can't believe it) You thought that I would walk away I've heard enough (And you can't leave me) This time you'll listen when I say I've had enough of this shit A man is fuckin up pissed You're wonderin what for It's time to settle the score When it's all over you wishin you never knew me now From the first central until it all falls down I go hardcore like a parcore ? Up in the air, why you still waitin for encores I can't explain it but whether or not you're makin it hard for me to relate it. You'll just get caught in the down pour And I hate when you state it that all of us act the same And I just can't let it go so when I'm on stage I look into the faces of all the people and places And I'm feelin all of the pain and it's shameless To be so afraid of the nameless ? ? I got a hatedred You're televisions nothing up a straight up racist So I cave when all of the soldiers are misfortuned Nevermind the porch when somebody in your fortress Hot, broken, and ready to start showin the reason Somebody been waitin for somebody to stand up Please believe me the warnings about to window The serial killers on a mission ? I've heard all the talk (And I can't believe it) You thought that I would walk away I've heard enough (And you can't leave me) This time you'll listen when I say I've had enough of this shit A man is fuckin up pissed You're wonderin what for It's time to settle the score When it's all over you wishin you never knew me now From the first central until it all falls down Burn bright, like thermite, attacking the infastructure Like it made of wood and we some termites That's right, no beef up in the appetite Cause we unleashin the beast under the black light Starvin' for hunger and fame, living the fast life More than a charm and a chain, we're like a crack pipe You get hooked like the fisherman in the ? Contaminating like biohazard chemical spills Look how we terrorize, tellin you to kill But it's only entertainment and you thinkin that it's real Are we at fault to blame? Fuck no. Wrong on many levels just like that Law and Order episode (episode, episode)

## Twiztid

I won't let it go, they take us for a joke and thinkin that this shit is com ical Yeah, I'm offended and hurt but fuck the feelings though But I'm far from ? and I'm so glad that you think so
