Twiztid

What if I'm not so bad  
Like all the things they said  
Now the memories hang  
Crooked in picture frames on the walls  
Inside my head  
When have I let you down  
Or broken your frame  
Say I'm the wrong  
And then do the same  
Dust me off

Fake facsimile  
Phony world that forgot me  
A counterfeit  
A hoax  
A forgery  
A fugazi  
Trying to kill they minds  
After poisoning all they bodies  
Tearing down each other  
No other possible hobbies  
Speakin they mind  
And no mutha fucka will stop me  
I wanna be the sick template  
Others can copy  
Downloading demented deadly views  
That I embody  
They hate me the most  
I am the oddity

Flawed failed wrong  
Condescending sarcastic  
Last of the humans in the world of the plastic  
Kinda hard to fit in  
When you stand out  
Hard to understand  
What you're all about  
Who am I and what do I know  
Hold tight and don't let go  
Don't let go  
Don't let go

What if I'm not so grim and morbid  
All the time  
And I don't wanna have to correct  
And I don't wanna change your mind  
When have I left you all alone by yourself  
Say I'm the same  
And leave with somebody else  
Dust me off

I been runnin from somethin I don't know what it is  
Relentless it keeps comin suckin the life from in

Side of me outta me gotta be some kind of  
Medicine lobotomy is worthy of mentionin

Somebody put a shot in me now how do we all get their attention so they can feel all the pain an the tension

Look at all the money were spending  
To just feel that ascension all of it is just like pretending

I don't feel like I belong here  
Not the same so that we're clear  
I don't wanna have to be  
Somebody that I don't like  
I don't live for the fear  
I live for the fight
