

Return Of The Pervert

Twiztid

She loves it
She loves it
She loves it
She loves it when I

Act all Scared so she can pay the pimp
Turn me on like I'm a lawyer and I said
Put her panties in my mouth would she take the dick
And every time is a first so I don't say shit
Call her malaria
The girl is scarier
Then anything sick
That I ever did see
But the way that she moves
With the crazy attitude
Got me screaming in her face
Gimme brain like a ZOMBIE
Like a vampire
Make her cum so hard she tell all the girls
Now the girls on my nuts like a bunch of jealous squirrels
Each hungry all hoping that I rock their world
Go deep like Jacques Cousteau
Play it like basketball into the hole
Did I say which hole?
Oops my fault
Off to the bench with my dick with a towel

Stalling me out telling me we'll see
I'm a tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make that bitch scream and her pussy stay free
Stalling me out telling me we'll see
I'm a tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make that bitch scream and her pussy stay free
Fast or slow she's on the bone
Up and down I watch her go
From the ceiling to the floor
So fine I'm about to explode

Put me back out in the game coach
Flip the script and try a new approach
G-Q with a button up shirt and a tie
Ain't way I got no wings I'm too fly
You see me I know you do
And you know you wanna take a ninja home with you
But it's cool we'll see how the night progress with my dick in your mouth and my nuts on your chest
Picture that it's a Kodak moment
Whip cream, I'm licking south
When I want it
Feel good in your mouth wait till I bone it
Beat the pussy up like the shit's my opponent
I'm the repo man
And the money that she owes me is the honey in between her legs
Better take off your panties 'fore I bust you in the left eye
Telling me to chill hoe I don't beg

Stalling me out telling me we'll see
I'm a tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make that bitch scream and her pussy stay free
Stalling me out telling me we'll see
I'm a tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make that bitch scream and her pussy stay free
Fast or slow she's on the bone
Up and down I watch her go
From the ceiling to the floor
So fine I'm about to explode

Tell her that she really ain't good at given head
So she over compensates when she naked in the bed
And she ride my dick until my shit's blood red
But it hurts so good that's why I said what I said
Rubbing on my lips like Revlon
Spanking her ass pulling hair with no question
To the balls on my dipstick no exception
Got my anaconda at attention with full erection
Pull a strip tease
I'm all in a bowtie
Hit of a drum all up in her face
And I take off the velveteen trunks then I shake it
And I do a little dance while she charm my snake

Stalling me out telling me we'll see
I'm a tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make that bitch scream and her pussy stay free
Stalling me out telling me we'll see
I'm a tell you like a bitch told me
If you get the opportunity to treat her like a freak
Better make that bitch scream and her pussy stay free
Fast or slow she's on the bone
Up and down I watch her go
From the ceiling to the floor
So fine I'm about to explode

She loves it
She loves it
She loves it
She loves it when I
