But please leave a brief message
Including your first and last name
And telephone number, if this is an emergency
Please hang up and dial 911
Thank you and have a wonderful day

Why won't you answer

I've been calling you, I've called you, I've called you so many
times, I've called you, I've called you,

You said you would be there for me, you were not there for me.
They came for me last night, they were on me, they came for me l
ast night, they were on me, but I took a straight razor and sha
ved them.

I shaved them goddamnit, I've shaved them all off of me, every
last one of them I shaved, I shaved, I shaved them,
I've shaved them all off of me, and I've been bleeding, I can't
tell you how long I've been bleeding,

I've been bleeding for four fucking hours, I have been bleeding
, and I called you, and you didn't answer,

And you told me you'd be there for me, but you weren't there fo
r me, you weren't there for me, you're never there for me,

I am bleeding, the darkness has come for me, and I'm alone, I d
on't want to be alone, it hurts so bad, it hurts so bad.

Please cal me, please call me
