

# Come Back Home

Two Door Cinema Club

Another Saturday  
Another careless move  
Tell the world  
That you're thinking of what to do  
A window opens up  
And some one calls your name  
But I can tell  
You don't know how to play this game

I know this isn't it  
You'll hit your target some day

So now your on your own  
Won't you come back home  
To see you're not that kind  
And find the strength  
To find the strength  
To find another way

So tell me what you need  
And I'll accommodate  
But if too long goes by  
You just might be too late  
An opportunity  
You can't afford to waste  
So have the lines in your head first  
For heaven's sake

You hear the day beckoning  
Know what its all in your head

So now your on your own  
Won't you come back home  
To see you're not that kind  
And find the strength  
To find the strength  
To find another way

So now your on your own  
Won't you come back home  
To see you're not that kind  
And find the strength  
To find the strength

So now your on your own  
Won't you come back home  
To see you're not that kind  
And find the strength  
To find the strength  
To find another way
