

# Blame Me

Two Feet

When I die  
The things that I said will come out of my head  
But tonight  
I'm sticking around, floating over the ground

If I change things  
Would you want to stay with me, baby? (Baby)  
With me, baby  
If I say things  
That don't get you right, can you blame me? (Blame me)  
Can you blame me?

It's Tuesday  
Well, that's what I think  
Every time that I drink  
And Wednesday  
Oh, never around  
No, not while I'm alive

If I change things  
Would you want to stay with me, baby? (Baby)  
With me, baby  
If I say things  
That don't get you right, can you blame me? (Blame me)  
Can you blame me?

If I change things  
Would you want to stay with me, baby? (Oh la, oh la)  
With me, baby  
If I say things  
That don't get you right, can you blame me? (Oh la, oh la)  
Can you blame me? (Oh la, mm-mm-mm)
