

## Devil

Two Feet

If I lie when I say that I'm getting emotional  
Let me try to express all the things that you want me to

1, I feel nothing  
2, I got something  
3, I need you near  
You're the only one that never fools around here so  
You, won't ever break

Every time that you fuck with me I wanna let you go  
But I can't cause I don't really know how to let you know

1, I feel nothing  
2, I got something  
3, I need you near  
You're the only one that never fools around here so  
You, won't ever break  
You, won't ever break

You, won't ever break  
You, won't ever break
