

Gravity

Two Feet

Daytime (daytime)
Is blacked in with bright lights (bright lights)
And your eyes (and your eyes baby)
They tempt me to stop by (stop by)

Cause I don't wanna come through
Cause I don't wanna come through
Cause I don't wanna come through
Cause I don't wanna come through

I try (I try)
To pretend to not hide (to not hide)
And I try (and I try baby)
To act like I'm alright (alright)

Cause I don't wanna come through
Cause I don't wanna come through
Cause I don't wanna come through
Cause I don't wanna come through
